

Author Index, Volume 33

- Acs G, The incidence of post-extraction pain and analgesic usage in children, 147
- Anderson JA (see Ochs MW)
- Akita S (see Kawahara M)
- Baile WF, Psychological and behavioral dynamics in chronic atypical facial pain, 252
- Becker DE, Continuing education in preoperative sedation: perspectives on educational methodology, 258
- Bennett CR, Balancing efficacy with safety in general anesthesia and sedation, 184
- EKG monitoring for conscious sedation (letter), 281
- Beirne OR, Current and future research in dental sedation and anesthesia, 193
- Berggren U, Qualitative and quantitative effects of treatment for dental fear and avoidance, 9
- Bergman SA, The benzodiazepine receptor, 213
- Berry RD, Legal considerations in the administration of conscious sedation, deep sedation and general anesthesia, 201
- Butler R (see Seheult RO)
- Campbell RL, Pulmonary aspiration during general anesthesia, 98
- Carlsson SC (see Berggren U)
- Cassidy JP, Epinephrine: systemic effects and varying concentrations in local anesthesia, 289
- Cooper SA, Double-blind comparison of an acetaminophen-codeine-caffeine combination in oral surgery pain, 139
- Corah NL, Methodological needs and behavioral research with adult dental patients, 46
- Development of an interval scale of anxiety response, 220
- Creedon RL, Guidelines for the elective use of conscious sedation, deep sedation and general anesthesia in pediatric patients, 189
- DeForest A, Dental anesthesiology: the policies of the American Dental Association in the past and plans for the future, 206
- Desjardins PJ, Efficacy of low dose combination analgesics: acetaminophen/codeine, aspirin/butalbital/caffeine/codeine, and placebo in oral surgery pain, 143
- Diehl PJ, Inexpensive outpatient ECG monitoring (letter), 107
- Dionne RA, Methodological needs and pharmacologic research with adult dental patients, 50
- Editor's report to the readership, 122
- (see Troullos ES)
- Dworkin SF, Integrating behavioral and pharmacological therapeutic modalities, 29
- Eneix BV, Narcotic sedation for children (letter), 105
- Erichman MC (see Cooper SA)
- Fields HW, Research methods, issues, and directions in behavioral management of the child dental patient, 23
- Finizio T (see Desjardins PJ)
- Fiset L, Effects of lidocaine with epinephrine on fear related arousal among dental phobics, 225
- Freeman RD (see Troullos ES)
- Friedman E, Intravenous Vistaril (letter), 107
- Gatchel RJ, Perspective from a community based research program, 67
- Gonsman P, Narcotic sedation for children (letter), 105
- Goulding P, Report from the executive director, 77, 109, 167, 209, 279, 323
- Grau WH (see Cassidy JP)
- Groman KW, Narcotic sedation for children (letter), 105
- Haas RL, Intravenous Vistaril (letter), 281
- Holmgren WC (see Nishioka GJ)
- Haupt M, Pharmacological methods and research issues in the management of child patients, 25
- Effects of nitrous oxide on chloral hydrate sedation of young children, 298
- Jacobs DE (see Middendorf PJ)
- Control of nitrous oxide exposure in dental operatories using local exhaust ventilation, 235
- Jastak JT, Pharmacological methods and research issues in the management of the adult patient, 14
- Kaplan A (see Rubin JG)
- Katch EM, Applications of transcutaneous electrical nerve stimulation in dentistry, 156
- Kawahara M, System of acute medical support to emergency during dental treatment in Japan, 265
- Koehler HM, Anesthesia and sedation in the dental office (book review), 119
- Koenigsberg SR (see Haupt MI)
- Kubota Y, The current status of education in dental anesthesiology: the current situation in Japan, 102
- Lieblich S, Heart block as a sequela to a syncopal episode, 243
- Malamed SF, Conscious sedation and general anesthesia techniques and drugs used in dentistry, 176
- Mardirossian G (see Cooper SA)
- Mastro DM (see Middendorf PJ)
- McAlister GL, Summary of the scientific literature for pain and anxiety control in dentistry: journal literature, analgesics, 1985, 161
- (see Seheult RO)
- Summary of the scientific literature for pain and anxiety control in dentistry, January-December 1985, 268
- McAneer JT (see Nishioka GJ)
- McGrath PA, Measurement issues in research on dental fears and anxiety, 43
- McNeir D, Drug interactions in anesthesia (book review), 314
- McRoberts JW, Cholecystokinin and pain: a review, 87
- Melamed BG, (see Ridley-Johnson R)
- Methodological needs and behavioral research with child dental patients, 34
